Awards Presented At Dinner

The Marshall County Soil Conservation District held its annual Awards Dinner Monday night at Trotter Inn Restaurant in Possum Trot. A bountiful feast was served.

Joe Faughn received the Master Conservationist Award. He made the highest score in conservation work of any farmer in the county.

Honor awards went to County Attorney Marvin Prince and Tax Commissioner Charles Lents for their official help given to the SCS. The awards were presented by Gus Hopkins, vice chairman of the conservation board.

The Benton FFA Chapter also received an award for its victorious soil judging team. Nobody was present to receive the award, however.

G. W. Lofton, a member of the board of supervisors, presided at the meeting in the absence of J. M. Solomon. Wayne Williams, field man for the Kentucky SCS, was the speaker. He told of benefits of watershed programs. He said the Clark's River West Fork Watershed program was well underway, but that the East Fork program is lagging because of indifference in Calloway County.

A. E. Denham of the local SCS office announced that East Fork boosters will make a trip next Monday to the Mud River Watershed project.

Present at the meeting were Lofton, Williams, Denham, Faughn, Prince, Lents, Sam Gold, a supervisor, Woodrow Hill, Homer Miller, A. P. Harrell, Glenn Warren, Warren Wilson, Gus Hopkins, Hatler Morgan, Loyd Colley, Bill Nelson, Shelby McCallum and Woodson Cross.

Trip To Mud River Slated Next Monday

Persons interested in the Clark's River East Fork Watershed program will visit the Mud River Watershed project in Logan County next Monday, March 27.

A bus will leave Hardin at 7:30 o'clock in the morning. Reservations may be made by telephoning the Soil Conservation office in Benton. The cost per person for the trip will be \$3 to \$4.

Interest in the East Fork project is reported to be lagging, and this trip will prove to skeptics what a watershed program will do for an area.

A meeting on East Fork problems will be held tonight (Thursday) at 7 p. m. at the Griggs Schoolhouse. A big crowd is expected at this meeting.

Revival To Start Sunday At Church Grove Methodist

The evangelist will be Mrs. C. E. Boose of Dyersburg, Tenn. There will be congregational singing and also special numbers by the Glad Tidings quartet.

The church and its pastor, Rev. F. B. Alexander, invite the public to attend these inspirational services.

Local Girl Receives Presidential Note

Sandra Bearden, a sophomore in Benton High School, probably is the first person in Marshall County ever to get a letter from a president of the United States.

Sandra, who is the daughter of Mr. and Mrs. Burt Bearden, recently underwent major surgery at Baptist Hospital in Paducah. She's back in school now and doing fine, but while she was in the hospital some members of her class wrote President Kennedy about her illness.

Sandra got an airmail special delivery letter from the White House. The letter was signed in ink by Mrs. Kennedy. Here is a copy of the letter:

THE WHITE HOUSE
WASHINGTON

Dear Sandra:

I hear you are in the hospital and are not feeling well at all. I heard about you from your nice little friends at the sophomore class at Benton High School who certainly love you very much. I just want to say that the president and I send you our very best wishes and hope you will be on the road to recovery soon. God bless you.

Sincerely,
JACQUELINE KENNEDY.

WELDON NELSON
Candidate For Tax Commissioner

Weldon Nelson Makes Formal Announcement

TO THE VOTERS OF MARSHALL COUNTY

This is to officially announce to the citizens of Marshall County that I am a candidate for the office of Tax Commissioner. I very earnestly solicit your vote and influence.

Most of you know me personally as an automobile salesman for the past eleven years. I have had the pleasure and opportunity of doing business with many of you in that capacity.

To those of you who are not personally acquainted with me, I welcome an investigation of my character, qualifications and sincerity.

I am 39 years old and a life long resident of Marshall County. My parents are Mr. and Mrs. Don V. Nelson of Route 1. I am married to the former Cassella Edwards, daughter of Mr. and Mrs. Mont Edwards, who were residents of the Maple

Springs Community. We have one daughter, Mignon Nelson, who is a student at the University of Kentucky. I am a graduate of Benton High School and attended Murray State College.

My wife and I attend the First Methodist Church of Benton. I am a member of the Lions Club and the Marshall County Emergency Unit and have taken an active part in civic affairs and school improvements in our community.

My decision to seek this office is my own, except for the encouragement of friends and acquaintances. I am not now, nor will I be connected, with any political group or faction.

I am deeply aware of the duties and responsibilities involved in serving this office and feel that I am thoroughly qualified to execute these duties. If on May 23rd I am elected to this office, the welfare of the citizens of Marshall County will

The cases of Wayne West and Paul Copeland, who were charged along with Darnall, were dismissed.

Indictments were dismissed against three men accused of taking stove bolts. The men were John Morse Howard, Julian Hal Miller and Clinton Earl Tubbs.

One civil case was tried—that of Willie Preston Ferrell versus Ronald Hopkins. It was an automobile accident damage case. The jury found for NEITHER party.

The case of William F. Beasley versus Robert L. Pay was not heard because the persons involved in the civil suit did not show up for the trial.

Today (Thursday) the civil case of Kenneth Crawley versus James Lynn Barnes was scheduled for trial.

Last Thursday, March 16, the grand jury returned the following indictments:

Julian Thomas Wood, child desertion.

Bobby W. Thompson, forgery. Mitchell G. Rowland (alias J. Johnson), obtaining money and property of value of another, by false pretenses.

Bena Boswell, sale of alcoholic beverages in a dry local option territory.

Ola Kay Penny Nelson and Joann Lovett, grand larceny in connection with billboard thefts.

Deadline Near For County And City Candidates

The deadline for candidates to file for county and city offices is drawing near. Saturday, April 8, is the final date for filing.

The date applies to both Democratic and Republican candidates. And the date also applies to City of Benton as well as county offices.

Benton now is a fourth class city, and under a new state law candidates in a fourth class city must file 45 days before the primary election day. The election will be May 23.

Persons wishing to run for mayor, city judge or city councilman of Benton must file their official papers by April 8. This applies both to Democrats and Republicans.

All other incorporated towns in Marshall County, such as Calvert City, Gilbertsville and Hardin are either fifth or sixth class cities and therefore the April 8 deadline does not apply to candidates for offices in those towns.

If anyone is confused as to when they should file for any office, he should telephone County Court Clerk Toad Brien and get the proper information before it is too late.

Two County Youths Finish Army School

They were trained to service and maintain the 105 millimeter howitzer, a light field-artillery weapon.

Jones, son of Euell L. Jones, Route 1, attended Benton High School.

Siris, son of Mr. and Mrs. Lawrence Siris, Route 5, was employed by the Miller & Johnson Construction Co. in Calvert City before entering the Army. He is a 1959 graduate of South Marshall High School.

Both men entered the Army in November, 1960, and completed basic training at Fort Hood, Tex.

John Rayburn Makes Formal Announcement

TO THE PEOPLE OF MARSHALL COUNTY:

In making my announcement as candidate for County Judge, I want first to thank each and everyone for the kindness and support you gave me four years ago. As you remember I was defeated by 26 votes in that election.

I am 57 years old and now live on a farm 10 miles east of Benton in the Fairdealing community. I was born near Brewers, later moved to Benton, where I spent about 40 years before moving to the farm. I have spent my entire life in Marshall County and expect to spend the rest of it here, so when I speak of home I am talking about Marshall County.

I am the son of Lula and the late Homer H. Rayburn. I am married to Gania Faughn Rayburn, have three children, John H., James and Sue (Mrs. Darnall Cope), and have seven grandchildren.

I am an Elder in the Fairdealing Church of Christ. I am a Democrat and have always supported the nominee of the party. I am a member and past master of the T. L. Jefferson Masonic Lodge, Benton, also Order of the Eastern Star, Benton, member of W.O.W. and member of Carpenter Local 2049.

Until recently I have been working as a Millwright at Calvert City. When not working at public works I work on the farm.

I am not running on promises I cannot keep and am not tied to any man or group of men but do have a few promises I can keep.

I promise to make a clean, fair campaign and to be plain and friendly. If elected I will make my own decisions and always bear in mind I am working for the best interests of the people of Marshall County. I will work with and try to plan the work of the Fiscal Court, trying always to get value received for the money spent.

The County Judge is not required to be a licensed attorney but needs always to try to divide right from wrong and remember that all brought before the court are innocent until proven guilty and try to render justice to all alike. I will not use the judge's office as a place to conduct other business and will have no other interest than that of county judge.

I will promise to keep a decent place for the old folks and will help the needy in every way I can. I will work with various other organizations of the county in trying to bring other industry to our county and work without ceasing to try and get more and better roads.

Much has been done to our county roads but I feel more can be done if pushed at the right time and place.

Being a father and grandfather has given me a special interest in young folks and I think will be of some help to me in trying to keep juvenile delinquency to a minimum.

Also I promise to render justice to all, special favors to none, trying without ceasing to keep myself steadfast in due performance of the same.

So if you can see fit to give me your support on Tuesday, May 23, I will be very grateful and try earnestly to perform my duties with the efficiency and dignity which belong to the office of the County Judge.

Sincerely,

JOHN F. RAYBURN

Walter Smothers In Race For Magistrate

I am now an active candidate for the office of Marshall County Magistrate, District No. 2. I was born near Scale in Marshall County, and still live in the community on a country road.

FAREWELL PARTY FOR BOY

The 11-year-old boys and girls of the Junior Department of the Benton Methodist Church gave a farewell party for Jimmy Vaughn, a classmate, who is moving to Fort Knox. The party was held Monday afternoon, March 13, in the church dining room.

Games were played and refreshments were served. Present were Susan Coffeen, Valerie Wyatt, Celia Wall, Betsy McClain, Jeri Lovett, Angela and Nancy Austin, Kenny, King, Steve Selwitz, Jimmy Vaughn and the class teacher, Mrs. Alvin Austin.

I promise that if you elect me your magistrate of District 2 that I will do everything in my power to make ALL country roads safe to drive on in any kind of weather.

There are many roads in District 2 that are so narrow and so bad that a driver cannot pass another driver without having to back up a block or more. So, I therefore, stand for wider and better roads throughout all of District 2.

I hope you will remember me in the primary election next May. I will greatly appreciate your vote and influence. And if you will elect me, I will see that we get better roads.

Sincerely yours,
WALTER SMOTHERS.

Windstorm Causes Considerable Damage In Marshall County

A windstorm last Friday night caused considerable damage in Marshall County.

Gordon's Boat Dock suffered great damage. Many other places on the lake also were damaged. The Vay Bolton cabin, located near the Girl Scout Camp, lost its roof. The roof landed in a treetop.

The wind also unroofed the barn at the James Wilkins farm home. Trees at the Ray Harrison farm were blown down.

Storm damage was greatest in the Fairdealing, Olive and Aurora sections. But in other sections of the county many TV antennas and tree limbs were blown down.

Mrs. J. W. Coakley of Ashland is visiting her son and wife, Mr. and Mrs. James Coakley in Gilbertsville.

Mr. and Mrs. J. L. Vaughn and family are moving to Ft. Knox, Ky., to reside, and where Mr. Vaughn will be employed.

Jets Defeated In State Tournament; Ashland Is Champ

North Marshall's Jets were defeated in their first game of the state basketball tournament at Lexington last week by Shelby County. The score was 55 to 50. The Jets trailed 16-8 in the first quarter and 32-21 at the half. But they came back strong in the second half and at the end of the third period they trailed only 39-37. The Jets scored 16 points while Shelby County only got 8. At one point the score was tied. But the Jets just couldn't grab the final victory.

Some said the Jets had tournament jitters and some said they were "cold," but whatever the reason it didn't bother the fans much. They had a big time on the trip to Lexington. Ashland won the state championship, defeating Lexington Dunbar easily in the finals. Ashland was the favorite to win the tournament.

Mr. and Mrs. Hal Stevens of Benton are at the bedside of their daughter, Gwen (Mrs. Jim Harper). Mrs. Harper has been ill of mastoid trouble.

Uncle Ned ... From Dogtown

DEAR MISTER EDITOR:

A feller came by my place the other morning and from the way he talked, I figgered he was a Government man from some of them farm bureaus. I was patching up one of my fences when he walked up and introduced himself. He said he had my area, whatever that means. On account of me paying taxes on it for 40 years, I was thinking it was my area, but maybe they've moved the new frontier over to take in my pastures.

Anyhow, I could see right off that this feller didn't like the way I was fixing my fence. I had a couple holes dug and was putting in the cedar posts, like my ancestors has always done.

This feller said the proper way was to get me a posthole digger for my tractor. But he allowed as how a metal fence or store bought posts would be better. He

said them cedar posts would rot down to the center and cause my fence to wobble.

As a matter of fact, he said, I ought to get me a electric fence like it was advised in Pamphlet F-309 put out by the U. S. Department of Agriculture in 1951.

It used to be when a farmer or rancher had a problem like this, he'd work it out himself. But now when folks has got a problem they just set down and write their Congressman.

I aim to write to mine today. I reckon he'll recommend I sell my cattle and barn and get me a electric fence. I don't know where I'll go from there. Maybe go out and set on the fence. When the Government turns on the electricity they'll be a move one way or the other.

Speaking of Congress, I was interested in a item in the papers yesterday about the attendance at the Ringling Circus in the various cities. Washington, the report said, always had the lowest attendance of any city in the country. In fact, the item allowed, Ringling was thinking about skipping the nation's capital this spring. I reckon the people in Washington, having the Congress in session most of the time, ain't interested in outside attractions.

I see where some organization is suggesting we have a "Say What You Think Week." If they do it'll be about the most confusing "Week" we've ever had. They ain't enough peace officers, jails, doctors, nurses, hospitals, and ambulances to take care of the situation if everybody would go around for a week saying what they think.

Personally, I'm sorter in favor of it. I got a neighbor down the road that needs the benefits of this week mighty bad. It would be worth a week in the hospital just to tell that low-down, ornery varmint what I think of him. You got anybody like that in mind over in town, Mister Editor?

Yours truly,
Uncle Ned.

PUTTING UP FOR SPRING takes in a lot of territory. Painting, painting, repair work around the house—just all of us get the urge to perk up the place this time of year. I've noticed that usually the lady of the house also wants to redecorate—new color schemes, curtains, slipcovers, etc. If you ladies are making such changes in your home, I'd like to remind you that now would be the perfect time to install handy extensions—what could be prettier than a Princess? You can add or harmonize with your new color scheme because Princess extensions come in many beautiful colors. Why stop by our business office and pick a Princess phone in the color of your choice?

CHUCKLE, ANYONE? Thought you'd get a kick out of the little story I ran across the other day. A little boy asked the operator every five minutes and asked the question, "Please, Operator, what time is it?" Somewhere about the boy's voice told the operator this was no prank. Finally she asked him to call his mother to the phone. "She can't come," he said. "My little sister answered a button this morning and my mother had to take her to the hospital. And she told me I dare leave the house until twenty after eight. Looked and looked and looked and looked and looked, Operator, I'll be any twenty on the clock. And I'm sure I'll miss my school bus." Happy ending is the operator called the boy at 8:20 and he got his bus.

119th Tater Day Only Week Away; Big Crowd Likely

Tater Day—the 119th—is right around the corner. It is held each year the first Monday in April, and this time it will be April 3. This famed Marshall County Trade Day is expected to attract a large crowd to Benton. Tater Day visitors this year will get to see the new courthouse annex, which is nearing completion.

Benton Police Chief Carrell is warning youngsters in advance that water pistols and pea shooters are banned as part of the Tater Day celebration. He said several Auxiliary police will be on duty to maintain order and to direct traffic. County and city schools will hold classes, and all youngsters will be expected to attend school that day.

CARD OF THANKS

We wish to express our heartfelt thanks and appreciation for the many acts of kindness and sympathy shown during our recent bereavement, in the great loss of our loved one Bobby McEmore. Joe Riggs for their words of comfort, the donors of the lovely floral offerings, the singers, the pallbearers, Dr. Traylor, those who brought food, the Kennedy Funeral Home and all who assisted us in any way. May God bless each one of you.

Teacher Appreciation Week March 19-25

**A Tribute To
Our Teachers**

Of the Past, Present and Future.

No Finer Group Could Be Commended

After all the fine things that have been said, we wish to add our comments with respect to Teacher Appreciation Week... Let us pause and pay tribute to these fine characters, who are rendering through their teachings, so vital a contribution to the welfare and success of our children — our young men and women in the years to come.

Let us go back in our memories to our own school days — those golden days, which we now realize were some of the finest days of our lives. — let us think of our teachers, bless them, of their patience and kindness, their interest in us and their conscientious teachings that have so ably prepared us to face life's problems.

To those who have departed this life, let us always cherish them in our memories — to those who have retired, let us congratulate them on a job well done — let us not forget them nor disappoint them, they have a keen interest in our progress, they glory in our successes.

The directors, officers and employees of this institution, join in congratulations to you the officials and teachers of our City and County schools for the splendid work you are doing — we realize the tremendous responsibility that has been placed upon you, in the education of, and the vital part you play in molding the characters of our young people — our community is most fortunate to have such able talent in command — your job is a big one — we know — we were all once pupils ourselves.

May we take this opportunity to thank you, and those in charge of the many other school activities, for the business you have given us — we have rendered you many various services over the years, and want you to know that we pledge ourselves to give you a convenient and efficient service, and look forward with pleasure, to a continuance of the friendly and pleasant relations we have had with you in the past.

Ask Amy

BY AMY ADAMS

"DO UNTO OTHERS..."

Dear Amy: I know of a woman who lives in a neighborhood of devout churchgoers and none of these so-called "Good Christians" will speak or have anything to do with her. The reason is, their children have told false tales about her and the parents choose to believe the children.

They let their children treat this woman like dirt and do nothing about it. She tries to get the children to behave but they get smart with her and the parents won't believe anything she tells them about the children's behavior.

Before this started, she went out of her way to help her neighbors anyway she could. She would move, but she owns her home and hates to sell.

Disgusted

Dear Disgusted: Being a "church goer" is one thing but to qualify as a "Good Christian" is quite another. It would be to this woman's advantage (and to her neighbor's) to talk this over with their priest. If anyone needed a sermon on the Golden Rule and Brotherhood, they do!

Dear Amy: If you think other girls have troubles, listen to this. I am 14 years old. My father has a terrible temper and his me for no reason at all. My mother works when she isn't drunk (she drinks like a fiend). My troubles are bad. Please give me some advice, Amy. Thanks for reading my letter.

Black and Blue

Get in touch with your local chapter of THE SOCIETY FOR THE PREVENTION OF CRUELTY TO CHILDREN. They are listed in your telephone directory. They will see that your home life improves or provide you with a suitable place to live. Good luck, child!

Dear Amy: I read in your column about the girl who is 18 years old and dates a man old enough to be her grandfather. She said she should have her head examined. I think you are wrong. If they love each other, I don't think the differences in their ages has anything to do with it.

Dear Mrs. A. G.: You will never help him acquire responsibility if you continue to make it easy for him to avoid it. You should have secured professional assistance many years ago. Contact your local office of THE FAMILY SERVICE AGENCY. Don't expect miracles, but if he can be helped, they will help him!

PERSONAL to M. T. (Ohio): According to my mail, you are not alone with your problem. Don't be too embarrassed to tell your family doctor. He has heard of everything and will offer some helpful suggestions.

PERSONAL to Stu: Take a tip from nature: Your ears aren't made to shut, but your mouth is!

Please address all letters to: AMY ADAMS c/o THIS NEWSPAPER For a personal reply enclose a self-addressed, stamped envelope.
